# ANNUAL REPORT

## Charlestown, New Hampshire

1982

*This 1982 Town Report is dedicated to Mrs. Charlene S. Comstock for her many years of service as Town Clerk and Tax Collector. It is always a pleasure to do business with Mrs. Comstock because of her attitude and friendliness, even when the task is paying taxes! Charlestown residents appreciate her dedication and many hours of service to the town.*

### Town Hall (photo by James Hearne)

In 1981, \$12,000 was raised for the renovation of the Town Hall building. All this money has been spent except \$1,127 which is reserved to repair the chimney. The windows now have plexiglass. All the window frames were removed, repaired, painted and put back in. The front door was replaced and the steps repaired, also the roof was fixed. The building has been cleaned out and the building is now being used for different functions. Some of the work was paid for out of the \$12,000 and some was done thru the **Help The Town Program**. A lot of the work was done by volunteer help. We wish to thank Jim Hearne for his leadership in the renovations of the building also, Cecil Fisk and Clyde Hunt for their many hours donated. Thanks also are extended to all the groups, individual people, too numerous to mention, for their help.

Any group wishing to rent the building, please contact the Selectmen's Office, as we want the building utilized, after all the work that has been done.

SELECTMEN OF CHARLESTOWN

## **TOWN MEETING**

### **CHARLESTOWN, NEW HAMPSHIRE**

**March 9, 1982**

The inhabitants of the Town of Charlestown, in the County of Sullivan in said State, qualified to vote in town affairs, met at the Charlestown Elementary School Gymnasium in said Charlestown on Tuesday, the ninth day of March at 10:00 in the forenoon until the beginning of the business session at 7:00 p.m.

The Meeting was called to order at exactly 10:00 a.m. by the Moderator, Charles L. Child, followed by the reading of the Warrant in full. The Polls were declared open at 10:08 a.m. for the Balloting on Article 1 and the ballot for the School Moderator and Member of the School Board for the Fall Mountain Regional School District.

The Moderator cast the Absentee Ballots, starting at 3:30 p.m. and finishing at 3:40 p.m.

The Moderator closed the polls at 7:08 p.m. and then announced that the Meeting would come to order. This was followed by his announcement of the procedure to be followed during the Meeting, which read as follows:

1. Members of the audience not registered to vote - please sit on the back bleachers to my left. Voters please take a seat on the main floor or in the south bleachers. Any voter wishing to challenge another voter, please speak to one of the tellers or to the assistant moderator, Pat Royce.
2. After voting is completed and the polls are declared closed, I have appointed an assistant moderator, Ted Putnam, in charge of counting ballots, with the ballot clerks, assistant town clerk and two supervisors to count on stage. When a ballot vote is required, I will call the ballot clerks and supervisors back to the floor to accomplish that task.
3. If this meeting should recess to another evening, no action on articles already acted upon will be reconsidered on the succeeding evening.
4. All motions on articles will be made in writing. The moderator will recognize only a positive statement motion so that a yes vote will be in favor and a no vote against the idea expressed in the motion.
5. All persons wishing a chance to speak to a motion will please sign up in advance of the article or articles by either -
  - a. Speaking to the assistant moderator in charge, or
  - b. Writing your name and article(s) you wish to speak to on a slip of paper and giving it to one of the six tellers who will in turn give it to the assistant moderator to prepare for me. The tellers have slips of paper for this use.

After the people who have signed up speak (and you may choose not to speak even if you have signed up), the floor will then be opened for further discussion.

The moderator will, however, recognize at this time a motion to call for the question and a 2/3 vote at that time will bring a vote on the main motion.

John Putnam, Selectman, spoke on behalf of the Town of Charlestown, and expressed the appreciation of all for the many years of service Dana Olden, Selectman, has given to this town. There was a standing ovation.

Total number of ballots cast: 701

Number of names on Check List: 2228

Selectmen/Charlestown

Gentlemen:

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1982 taxes on the basis of the following figures.

Net Assessed Valuation	\$65,070,470.00
------------------------	-----------------

**Taxes Committed to Collector:**

Town Property Taxes Assessed	\$2,205,889.00
Less: Est. War Service Tax Credits	<u>23,800.00</u>
Net Property Tax Commitment*	\$2,182,089.00

Tax Rate - Town Precinct	3.39
-----------------------------	------

\* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

The net amounts approved for school, county and precinct are indicated below. These amounts are the total monies which should be transferred to each of these units of government.

Net School Appropriations	\$1,809,044.00
County Tax Assessment	142,473.00
Net Precinct Appropriation (1)	

In arriving at the above approved rate the Overlay has been set in the amount of \$16,731.00.

Very truly yours,

Lloyd M. Price, Commissioner

## ACCOUNTANTS AND AUDITORS REPORT

To the Members of  
the Board of Selectmen  
Town of Charlestown  
Charlestown, New Hampshire

We have examined the combined financial statements and the combining fund and account group financial statements of the Town of Charlestown, New Hampshire as of and for the year ended December 31, 1981, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining fund and account group financial statements referred to above present fairly the financial position of the Town of Charlestown, New Hampshire at December 31, 1981, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Charlestown, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

**SILSBY FREE PUBLIC LIBRARY**  
**Trustee's Report**

The Silsby Library had a busy year and many hours spent on the processing of about 1,000 books, that were gifts and donations. Our Aides had to type several cards for each book, file cards in different categories and place the books in stacks, in the correct order. We had CETA funds for part of the year for an Aide, however, these funds are now terminated.

The Trustees held an Author's Tea for Rosamond S. Metcalf for her book --The Sugar Maple, with photographer James Hearne, illustrating the book, with pictures of many townspeople.

We hosted an Upper Valley Library Co-op meeting, and also attended Co-op book buying meeting.

The Copying machine that was purchased last year has been used a great deal by the public. Copies are available during Library hours at .20 per copy.

The room that was originally planned as an Audio-Visual room, is to be made into a storage room; that can be locked, to store materials that cannot be placed on open shelves.

Special appreciation to the following:

The Charlestown Federated Women's Club purchase of and installing a bicycle rack, and their donation for Science Books; 4-H Clubs, organizations, and individuals for their exhibits; The Garden Club, Verne Bradish and Lovell Comstock for their floral arrangements; the Town Recreation Committee and the Girl Scouts for Christmas decorations; The Foundation for sponsoring the "Little Red Wagon" for the children's program during the summer.

The Trustees of the Silsby Library are grateful for the support of the Town Officers and public. We are proud of our Library when we hear praise by visiting Library personnel.

Respectfully submitted,  
Isabel T. Palmer, Chairman  
Library Board of Trustees

The summer reading program, Fly To The Worlds of Reading, was very successful and again was conducted by Jenny Stone. The Story Hour this year was conducted by Marilyn Bemis. The party held for the story hour and summer reading program participants was conducted by Marilyn Bemis and Jenny Stone.

Many interesting exhibits were displayed by townspeople featuring crafts, hobbies, and items of historic interest.

Our colorful bulletin board decorations have been arranged by Debra Piletz using art projects from the primary school.

School visits were held during the winter.

We appreciate the cooperation of the patrons and of the many organizations giving us services.

Respectfully submitted,  
Florence C. Bingham, Librarian

From April 1, 1982 through December 31, 1982, the Police Department Officers used their private vehicles for a total of 3,033 miles. This mileage is due to back up calls for accidents, domestic problems and various other police calls that require more than one officer at the scene.

Respectfully,  
Robert A. Colburne  
Chief of Police

## **ANIMAL CONTROL REPORT 1982**

The Animal Control Officer answered 283 dog calls throughout the year. The Animal Control officer keeps stray dogs at his home for a period of three days minimum before they are transported to the Veterinarian Clinic in Claremont, N.H., where the animal is held another seven days in an effort to locate the owner of these dogs.

There were 12 Summons issued by the Dog Officer for Court appearances and cleared through the Court System.

Total mileage traveled by the Dog Officer on the calls received for the year is 1,969 miles.

Respectfully,  
James Ittem  
Animal Control Officer

## REPORT OF THE CHARLESTOWN CONSERVATION COMMISSION

This year the Commission has reviewed several Dredge and Fill permits and inspected each site.

We started negotiations to purchase 50 acres of land in the watershed area which was eventually purchased by the Water Department. This area will help to protect our town water supply. We hope to purchase another piece of land eventually which we presently lease as part of our Nature Trail.

Our annual Green-Up Day was again successful thanks to the help given by various town organizations and the young people. We appreciate everyone's efforts to make our roadsides clean and attractive and wish to thank those who make this effort year round. In keeping with this effort we support as a board the proposed legislation to require returnable containers, otherwise known as the "Bottle Bill".

We joined the Connecticut River Watershed Council. With our long frontage on the river we appreciate the efforts made by the Council and feel it is to our mutual interest to be a member.

We walked the Nature Trail to determine what needed to be done in the way of maintenance and repairs and have requested that the Boy Scouts take this project as one of their community efforts.

We were represented at the annual meeting of the N.H. Association of Conservation Commission. We support the suggestion made that the Conservation Commission review with the Selectmen all tax defaulted lands to decide if any such lands would be better kept by the town rather than sold at Tax Sale.

Respectfully submitted,  
Robert Frizzell - Chairman

## REPORT OF THE AMBULANCE SERVICE

During 1982 the Charlestown Ambulances made 228 responses.

Cardio-Vascular disorders	51
Accidents	64
Sudden Illness	75
Misc.	28

The total costs to operate the Ambulance Service was \$16,518.00. Ambulance income was up again this year to \$9,323.00, leaving a net cost to the Charlestown Tax payer of \$7,195.00 for Ambulance Service.

In 1982 the Ambulance Service started a fund to purchase a Cardiac Defibrillator at some future date. This fund is a direct result of contributions made to the Ambulance Service by local citizens. The service also received a large donation with which we have up-dated our communications system.

The most immediate problem facing the Service this coming year will be that of available manpower. WE NEED DAY TIME HELP... If we don't get it, commercial services will have to cover the town during those times when, what few people we do have, are not available. This is primarily during the weekdays.

In an effort to head off a potential crisis in the ambulance service this year, we are again sponsoring another training program for the town of Charlestown. The members of the Ambulance Service will be giving the American Red Cross course in First Aid and Emergency Care. This course will be given Monday nights starting at 6:30 P.M. at the Fire Station beginning March 14, 1983 and running for ten consecutive Monday nights. Anyone that would like to take this course may pick up a course registration form from Mrs. Gray in the Selectmen's Office week days or at the Fire Station on the Weekends (Sunday A.M.). You don't have to join the Service in order to take the course.

Again we wish to thank the people of Charlestown for their continued support throughout the year.

Edward Blanc  
Director

## **ANNUAL REPORT OF THE TOWN HEALTH OFFICER**

Complaints of overflowing septic tanks or surfacing waste water from leach fields were reported. These were investigated and corrective action was taken by the owners of the properties in question or violation. Once a complaint is received by the Town Board of Health a visit to the site is made and the intent of the Health Officer is to aid and assist in correcting the problem rather than to harass the owner. Anyone in violation is given a verbal warning that a health or potential health situation exists and a period of time is set for corrective action. If the action is not taken, the offender is given a written statement of violation. If the next step must be taken - which is a rarity in our town - the Town of Charlestown takes legal action. Protection of our health and environment is an ongoing effort and the cooperation of the townspeople is welcomed and appreciated.

A meeting with the Town Selectmen to discuss real and potential health problems was held in October. As a result of this meeting, a memo was directed to the Police Department to report knowledge of anyone that has moved into the township and is living in a mobile home, camping trailer or tent on land owned or rented to another person. Sometimes we just don't know unless someone reports such activity. Your Town government has no way of knowing if such an afore-described dweller has children of school age, an adequate septic system or has registered to pay taxes to the Town. Those persons that own dwellings that do not enjoy water and waste water facilities should be subject to the rules that affect persons that are living in or building new dwellings that must adhere to and abide by the Town and State of New Hampshire laws pertaining to the requirements for approved systems. If anyone has any questions about such matters, they may contact the Town Board of Health for advice and direction.

Inspection trips were made to Family Day Care Homes and Group Day Care Facilities within the township.

Aid was given to persons wanting to know how to use the State of New Hampshire approved method for purging wells and pipes that had bacteriological problems with dug or drilled wells. A proper application of sodium hypochlorite can often render wells potable and palatable.

The Town Solid Waste site reported no rodent or vermin problems.

Respectfully yours,  
William B. Mates, Biologist  
Health Officer

## FALL MOUNTAIN VISITING NURSE ASSOCIATION, INC.

In 1982 Fall Mountain Visiting Nurse Association provided a total of 3,713 units of service to residents of Charlestown for an approximate total cost of \$110,300. Unduplicated patient census from Charlestown was 552, which means that 12.5% of Charlestown's population received VNA services.

Services are identified in the following breakdown:

### 1. General VNA Program

Home visits by RN .....	1,262
Office visits for RN services .....	103
Home visits by Home Health Aide .....	756
Home visits by Occupational Therapist (service discontinued May 1982) .....	76
Home visits by Physical Therapist (service offered as of August 1982) .....	57
Home visits by Social Worker .....	63
Number of patients seen in 31 Adult Screening and Flu Immunization Clinics .....	<u>224</u>
	2,541

### II. Child Health Program

Professional Staff home visits (RN, Nutritionist, Social Worker) .....	626
Number of patients seen in 42 Well-Child Clinics .....	303
Number of patients seen in 14 WIC Clinics .....	202
RN home visits to newborns .....	<u>41</u>
	1,172

Of the \$110,300 cost for services to Charlestown, only 19.4% was paid for by tax appropriation dollars. Medicare, Medicaid and other insurance reimbursements paid approximately 40%. Thirty-one percent was covered by a special grant from the N.H. Bureau of Maternal & Child Health. The balance was made up by payments directly from patients and from special contributions.

Tax dollars are needed specifically to underwrite adult clinic costs and to help pay for nursing, health aide and physical therapy services needed by patients who lack funds and who are ineligible for third party reimbursement. Medicaid, for example, will pay costs for a patient for no more than thirty visits in a calendar year. This means that patients most in need of care quickly become ineligible for service. An example: Someone whose physician has ordered RN and Physical Therapist visits weekly and Home Health Aide visits twice a week will no longer have services reimbursed by Medicaid after two months. If the local community does not provide for further care that person must be institutionalized at public expense. Medicare also fails to reimburse for many of the most needy. One example: It does not pay for home services for the terminally ill.

Home health services are less expensive than nursing home or hospital care. They are the most desirable alternative for the patient who can be cared for adequately in his home. Local support is necessary if home care is to remain available to the most needy.

Fall Mountain VNA requests \$22,454 from the Town of Charlestown for 1983. This amount represents a 5% increase over the 1982 appropriation, a necessary increase to accommodate the greater number of unemployed in Charlestown and to help meet other increasing costs. \$19,799 is for support of the basic VNA program. \$2,655 is for Charlestown's share of the rent for the Child Health offices.

Director

## CHARLESTOWN VISITING NURSES' AUXILIARY

The Charlestown Visiting Nurses' Auxiliary has completed the first full year of its existence. In addition to the original purpose of assisting the Visiting Nurse financially, wherever possible, by earning funds by food sales, flea markets, raffles and Christmas sales; they have adopted a "Good Neighbor" policy. The group has called by telephone to 'shut-ins' each day, made home calls and done errands wherever necessary, and transported persons to the doctors' offices and clinics. These were done under the direction of the Fall Mountain Visiting Nurses' Association.

Several informational meetings were held with the Hospice Group leaders of the Rockingham Hospital Group but it was felt the Auxiliary was not large enough, at present, to take on this responsibility.

At this time we would like to thank everyone who assisted us in any way or allowed us to have sales on their premises. And a big "Thank You" to Mrs. Esta Bigford for the afghan she made for us to raffle.

## CHARLESTOWN FIRE DEPARTMENT REPORT

Harland Richardson, Clerk

The Town of Charlestown had another good year in respect to property loss and number of fire calls. Although we had some property loss, it was much lower than most of the past few years. The total number of calls for the Fire Department was down from last year over 25%.

Following is a breakdown of all calls for 1982.

House	3	Auto Accidents	13
Mobile Homes	3	Mutual Aid Calls	21
Large Structures	1	Rescue Calls	1
Chimney Fires	30	Town Landfill	1
Brush or Forest Fires	9	Smoke Investigation	1
Vehicle Fires	3	Electrical Problems	4
Misc. Calls	9		

## HELP THE TOWN PROGRAM

The Board of Selectmen made a wise humanitarian decision on October 20, 1982. On that date they adopted and put into effect a new **Help the Town** program, whereby physically able persons receiving welfare benefits donate hours of work equal to the dollar amount of the benefit received.

The program became effective just in time. Charlestown serves as a bedroom community for many persons employed in Springfield, Claremont, Bellows Falls and other communities where lay-offs in the shops and industries increased beyond all expectations.

The **Help the Town** work program has greatly assisted the Town of Charlestown. It has also helped many persons who have never before accepted welfare, to do so with personal honor and dignity.

On December 31, 1982 this program had been in effect ten weeks. During these Fall months, the Community Room, Selectmen's Office, Police Station and entrance hallway have been painted. The library has had extra cleaning, magazines classified, books sorted, dusted and catalogued, and the stacks cleaned.

The Town Hall has had important work done on the walls, windows and woodwork. (Windows have been puttied, ceilings plastered.)

Since October 20, five hundred seventy well-utilized hours have been donated by thirteen families, several of whom have been served more than once. This means that twenty-two adults, twenty-six children have received the benefits of fuel, food, rent and in some cases utilities. This is an excellent genuinely worth-while program.

Respectfully,  
Marian P. Frasher  
Overseer of Welfare

## **RECREATION COMMISSION REPORT 1982**

During the year 1982, the Recreation Commission continued to provide recreation for all ages to the citizens of Charlestown.

### **Swimming Pool**

Our highly-qualified staff provided expert lessons for many of Charlestown's youth. Many of these youngsters expanded their swimming skills. Again, for the second year, Camp Holiday, a special education camp, used the pool for lessons. This provided a great learning experience for both campers and pool instructors. The pool was used by the Charlestown swim team for daily practices and their scheduled swim meets. Financially, the pool returned nearly \$4,100.00 to the Town while spending \$10,831.76 which is under budget.

The attendance figures are as follows:

<b>Attendance</b>	
June	360
July	2,491
August	<u>2,008</u>
Total	4,859

<b>Lessons Given</b>	
Swimmers	3
Intermediates	6
Advanced Beginners	15
Beginners	<u>117</u>
Total	141

<b>Passes Sold</b>	
Family	63
Adult	4
Child	<u>22</u>
Total	89

Some important maintenance items were taken care of during the year. Two new filter tanks were purchased, a new hot water heater was purchased and a third life-guard chair was purchased for us in 1983.

### **Recreation Director**

David Brodeur, our part time Recreation Director, continued to provide recreation services for all ages. Some of the services offered were: Aerobic Dance - (Adults); Basketball - (5-8th grade boys and girls and Adults); Volleyball - (Adults), 3.2 mile Road Race- (Adults & Children); Children's Halloween Movie and Party, Children's Christmas Party, Baseball night with Rick Miller, Ice Skating Rink and Dance on the Swan Common during the summer. Many similar events will be continued in 1983.

### **Patch Land**

During the year, the development of the recreation area, known as the Patch Land, began a new phase: "Construction".

In the spring, we hired a contractor to construct an entrance road, a gate and parking lot for 25 cars and put the waterline from the street to beyond the parking lot. In July, a second contractor was hired to level the Babe Ruth baseball diamond. The following weekend, a working party comprised of Rotarians, Lions, and interested citizens raked, shoveled, cut brush and seeded in order to install the baseball diamond and to clear the picnic area. In the fall, a third contractor was hired to level the remainder of the center area in order to provide a Little League ball diamond. Again, Rotarians, Lions and concerned citizens provided the labor to rake, seed and cut brush in the picnic area. With the work provided last year, we think that baseball will soon be played on the Patch Land.

This year, we are looking forward to construction in many areas, including backstops, dugouts and the picnic area, including tables and grills.

Most of the credit for success on the Patch Land during 1982 should go to Victor St. Pierre, who engineered and supervised all of the construction to date. Thanks to the Rotary Club and Lions Club for their support. The three local contractors gave us a lot for our dollars spent. Thank you!

The monies spent to date were raised through the generosity of Stanley and Helen Patch, the Rotary Club donation and the Patch Land Benefit Dance sponsored by our commission.

A lot of progress in the year 1982 was due to the interest of concerned citizens working together for a better community - thank you. Looking forward to an even better 1983.

Respectfully submitted,  
Robert A. Wilby-Chairman  
Charlestown Recreation Board

## **SULLIVAN COUNTY REGIONAL REFUSE DISPOSAL DISTRICT ANNUAL REPORT OF ACTIVITIES**

The Claremont City Council and the voters of all fourteen towns in Sullivan County adopted the District Agreement at March 1982 town meetings. The powers, duties and liabilities of the District are vested in the District Committee. The District Committee is comprised of representatives, appointed by the City Council and Boards of Selectmen, from each member community. The District Committee held its organizational meeting on May 6, 1982. Alston Barrett, Acworth, was elected Chairman and Abraham Hunter, Lempster, was elected Vice Chairman. The Treasurer of the City of Claremont was appointed Treasurer. Susan Laskoske was appointed Secretary. Additional meetings were held on August 12, October 14 and November 15, 1982.

To date, the District Committee has concentrated its activities on continued development of the NH/VT Solid Waste Project. The NH/VT Solid Waste Planning Committee, comprised of the District Committee and its counterpart, the Board of Supervisors of the Southern Windsor/Windham Counties Solid Waste Management District, met bimonthly during the past year. Efforts have been directed towards sufficient development of the Project so that key information will be available to the member communities by mid January, 1983. Summarized below are the major activities that the District has been working on:

(1) A search for a private firm willing to design, construct, finance, own and operate an energy recovery facility has been completed. Clark-Kenith, Incorporated, Atlanta, Georgia was selected and will submit a detailed proposal on January 7, 1983. The proposal will include a per ton disposal fee bid, or price per ton, that Clark-Kenith proposes to charge the District for acceptance of the solid waste at an energy recovery facility owned and operated by Clark-Kenith.

(2) A land disposal site has been selected in Newport, adjacent to the Claremont/Newport town line. Over 40,000 dollars in hydrogeologic and engineering work will be completed on the site by the first week in January, 1983. Drilling of test wells and the hydrogeologic assessment have been completed to date. The site has been shown to have favorable hydrogeologic conditions for land disposal. Positive discussions with State regulatory agencies have been held. Preliminary design and cost estimates for use of the site either as an ash disposal site or regional landfill are being finalized.

(3) The NH/VT Interstate Solid Waste Compact has been approved by the United States Congress and signed into law by the President. This allows the two Districts to move forward towards cooperatively developing the Project.

(4) A draft transportation analysis has been completed. Cost estimates for construction and operation of transfer stations, where necessary, and transportation of the waste to Claremont have been developed. These costs will be combined with Clark-Kenith's bid, ash disposal costs, and estimated District administrative costs to provide each community with the projected 1985 total costs for participation in an energy recovery facility.

(5) A two week weighing survey was conducted at area landfills during June and September, 1982 to confirm solid waste quantities.

(6) A proposal was solicited and received from Resource Recovery Systems, Incorporated, Branford, Connecticut to operate a glass and can recycling facility in conjunction with an energy recovery facility.

(7) A draft environmental assessment of the proposed energy recovery facility has been completed and is available to interested parties.

(8) Negotiations with Central Vermont Public Service Corporation (CV) ended with a final offer from CV which the Project considers unacceptable. A petition has been filed with the New Hampshire Public Utilities Commission (PUC) requesting the PUC to establish a long-term rate. A hearing has been scheduled for February 11, 1983.

(9) Preliminary discussions have been held with communities outside of the District with respect to joining the District. Three New Hampshire communities have expressed some interest.

In summary, the District Committee should be able to make a decision on continued development of an energy recovery facility or regional landfill during January, 1983. Either facility could be operational by 1985. Total estimated costs, based on site specific engineering data and contractor bids will be available to the participating towns and cities by January 20, 1983.

## **PLANNING BOARD REPORT**

This year the Planning Board has made a large effort to publish a draft Master Plan. The Plan contains thirteen sections, six of which have been completed in draft form and reviewed by various groups in town. These first six sections establish the basis for the plan - an economic analysis of the town and the impact of valuations on our tax base.

During the months of April, May and June 1983 the final sections are to be completed and hearings started to obtain general public input. All citizens are urged to participate in the review of the plan. There are over fifty recommendations for our economic improvement in the first six sections.

In other business the Board is working with the Charlestown Solid Waste Planning Committee - a separate report is included for that program. The Board adopted policies regarding the uses in the watershed zone and for an additional family living unit on an owner's property.

Partly as a result of the Master Plan effort, the Board is emphasizing the need to encourage quality development and restrain low value development. This objective pertains to industrial, commercial and residential development since all future growth impacts the amount each person pays in taxes. Proposals that add more tax burden without adequate contribution in value must be carefully reviewed.
